## About Us

**DBI** is a global provider of Logistics and Shipping services. We offer a complete line of domestic and international freight forwarding services. We use only reputable carriers that are licensed, bonded and insured. We evaluate our carriers and use only those that meet our strict standards. We are one team with one mission; to provide safe, consistent, cost effective solutions for all of your transportation needs. Our team has accumulated over 100 years of combined experience and as a result we have developed a network of creative resources that allow us to successfully handle your most urgent shipments. We partner with virtually every type of freight shipping vehicle available. We coordinate every type of Shipment across the globe. Your **DBI** Representative will manage your special needs and delivery requirements keeping you up-to-date each step of the way. DBI has state-of-the-art technology so you can enter and track your orders online 24/7. Our experienced logistics team provides time critical solutions that meet and exceed your every need. That is why over 90% of our business is repeat business. We are committed to the highest standard of excellence and determined to be the best carrier in the industry.
